Celebrations

Certificates were awarded as follows:

- Holly in Y1, for producing a very detailed diagram of the life cycle of a plant
- Max T in Y2, for fantastic information writing about the life cycle of plants

Compassion Trust Perseverance

- Reuben, in Y3 for showing a sound understanding of practical measuring in maths
- Maddie in Y5 for contributing well to class discussions by asking good questions. Maddie is moving house so we said goodbye to her too and wished her luck in her new school.

Barney showed us his swimming certificate, for achieving Stage 6, and a rugby trophy too. What an active boy!

13 bronze and 2 silver certificates were awarded for Mathematics. Well done everyone who is using this and Reading Eggs at home. Keep up the good work. Remember, there is 'Live Mathematics' where your child can build up their mental maths speed and Rainforest Maths to practice areas of maths focused on in class. Lots to keep your child busy!

MAT Orchestra

A huge well done to those children in Y5/6 who are taking part in the South York MAT orchestra at Fulford. I have heard that Eli and Florence performed at the concert just before Easter in front of lots of parents and older children and did us proud. This is what the Headteacher of Fulford said,

"Please pass on my congratulations to any of your students who were involved in the SYMAT orchestra performance - they were absolutely stunning. I was so proud of them all that it brought a lump to my throat."

Well done! We look forward to more performances from this newly formed group.

Church weekend

Over the weekend of 2nd and 3rd of June, St Matthew's Church is hosting a 'To B or Not to B' themed event, where there will be exhibitions, activities and stalls all beginning with the letter B. Lynn Anderson is running a jewellery stall, and is asking for donations of any jewellery beginning with the letter B, such as bangles, bracelets, beads etc. Please bring donations in to the school office or give them to Lynn or Kevin.

Y5 help

Many thanks to those parents who have offered to help with the Y5s during SATs week. The slots are all full now.

Friends of Naburn Bun Sale

This week sees the turn of the Y3/4 children, after school on Friday. So if your child is in this year group please try to help if possible, by baking or buying some cakes for us to sell. And if you are in a different year group, bring along your pennies to do some buying!

Many thanks,

Mrs Christison
Headteacher
