## Headteacher's Introduction

What a wonderful week! From roots, shoots and muddy boots to magic, mystery and space odyssey! We've had it all going on this week at Naburn! To add to the rather full agenda, we have also created a wonderful display, inspired by the chorus of 'All Things Bright and Beautiful'. This will be on display this weekend at Sutton Church, as part of a flower festival fundraiser for St Michael and All Angels. I think you'll done an excellent job - we're all very proud of it and had so much fun creating it!

Have a lovely long (and hopefully sunny) Bank holiday weekend and we look forward to welcoming you all back on **Tuesday 7th May!**

AND THE WINNERS ARE...

## Attendance House Winners

**Aspiration**

## Celebration Winners

## House Point Winners

**Community**

## Help Please!

Please save egg boxes/plastic containers/yoghurt pots/cardboard/kitchen roll inner tubes etc for next half term's junk modelling club. Please give to Mrs Noble when you have a bag full!! Thankyou in advance.

### CLUBS

FRIDAY: Football Club with Total Sports 3.15-4.15pm

Our attendance this week is: **91.7%**

The National Average is: **94.2%**

# School Newsletter

Early Years have been composing shape pictures this week and recognising and naming some of the shapes they have used. We have rotated and manipulated each shape to create our pictures. We have also visited our Future Forest this week to learn how to make hedgehog houses.

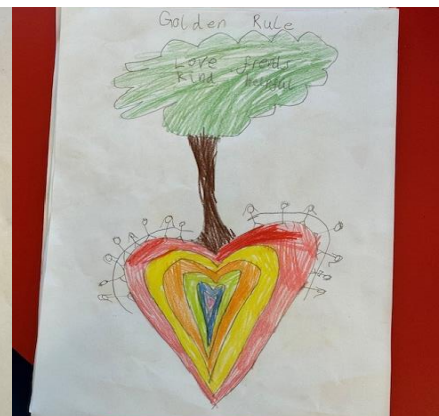

This week, Year 1 and 2 also enjoyed a trip to the Future Forest to learn all about hedgehog houses and what we can do to help protect our prickly little friends. In RE this week, we have been learning about The Golden Rule *'Treat other people as you would want to be treated'* and discussed the meaning of this. We created some artwork inspired by The

The Golden Rule to show what it meant to us. What do you think?

## Year 3/4

Willow Class magicians have been practising and perfecting our magic tricks this week, in preparation for writing instruction texts. We are going to use these to teach other people in school our magical secrets. Our trainee magicians can now make wands and balls disappear, transport a coin into a sealed bag, change the colour of silk handkerchiefs, make coins multiply and even read your mind! Prepare to be amazed!

## Year 5/6

We enjoyed a fabulous presentation by Professor Connelly-Bosson this week on 'black holes' during our Science lesson. We also discussed the highs and lows of friendships, and how to deal with changing, or difficult, relationships in Life Skills. In History we followed up on our amazing Temple Newsam trip by recording the wealth of Tudor-tastic information that we learned there and, in English, we wrote detailed instructions on....how to become a Tudor Cutpurse! Do ask Y56 what that job entails and how best to 'lift' a few groats or testoons from an unsuspecting 'mark'!
