## Headteacher's Introduction

Dear Parents/Carers,

What a cram-packed week!

We have been fortunate enough to have had Tony Bower in again this week. We have been practising and rehearsing Tony's scripts to perform for you in St Matthew's, re-telling parts of the Easter Story.

The sun is shining, and we can't wait to see you all at the service. It is always a beautiful way to conclude the term, coming together as a whole school community to reflect on the Easter story.

I'll take this opportunity to wish you all a very Happy Easter! And extend a massive Thank you to the Easter Bunny and the PTA for surprising all the children with an Easter egg each. Have a wonderful break.

Mrs Durham

### Attendance Ladder

## Supporting Your Child's Good Attendance

You play the most important role in establishing good habits. Here are a few ways you can help us work together:

- **Keep to a Routine:** Establish a consistent **bedtime routine** to ensure your child gets enough sleep and is awake, alert, and ready to learn in the morning.
- **Be Punctual:** School starts at 8.45/8.50am. Arriving on time ensures your child doesn't miss the vital start-of-day instructions, activities, and register, which sets a positive tone for the whole day.
- **Book Appointments Outside of School Hours:** Please try to schedule dentist and non-urgent medical appointments after school or during the school holidays.
- **Avoid Term-Time Holidays:** Family holidays during term time are almost always recorded as **unauthorised absence** and severely disrupt a child's learning.
- **Know When to Send Them In:** If your child has a minor ailment, such as a cold or a slight cough, and is otherwise well, they should still come to school. If you are unsure whether your child is too ill to attend, please contact the school office for advice or consult the NHS guidance on 'Is my child too ill for school?'

### What to Do if Your Child is Absent

If your child is genuinely too ill to attend, please contact the school office on 01904 551075 before 9am on the first day of absence, stating the reason. You must call us **every day** they are absent, please.

This week, our children have been busy investigating **capacity** through hands-on, playful learning. Using water, and a variety of containers, they've been exploring ideas like *full, empty, half-full, and nearly full*.

Through pouring, filling, and predicting which containers hold more or less, the children are developing early mathematical language and problem-solving skills.

## Acorn Class

The children have been working hard, practising their acting and reading their lines in preparation for our Easter Service on Thursday. They've also been enjoying their singing sessions and we're sure you'll have a big smile when you hear their rendition of the Spring Chicken song during the service.

"Whenever the rainbow appears in the clouds, I will see it and remember the everlasting covenant between God and all living creatures of every"

## KS2 Trip to Castle Museum

This week, Key Stage 2 visited the Castle Museum in York. The focus was linked to their recent History topic of the Victorians. The children explored the Victorian Street, 'Kirkgate', which is a mock up of shops, sights and smells of Victorian York. It was a great way to bring the history topic to life and the unit of work to a close.

This week y5/6 have been investigating reversible and irreversible changes in Science. They put bicarbonate of soda in the fingers of a vinyl glove and then attached the glove to the rim of a cup containing vinegar. This caused a chemical reaction, producing Carbon Dioxide which then filled the gloves and made them stand up.

## The Children's Toothbrushing Guide

### Free Children's Toothbrushing Guide for early years professionals, caregivers and parents

We're pleased to launch the new [Children's Toothbrushing Guide](#), designed to support nurseries and early years settings to share clear, trusted advice with families.

Created with the early years sector, including the British Society of Paediatric Dentistry and the Oral Health Foundation, the Guide helps settings support children's oral health from the earliest years.
