

KS1 Summer 2

Our Christian vision:
 "Whenever the rainbow
 appears in the clouds, I
 will see it and remember
 the everlasting covenant
 between God and all living
 creatures of every kind on
 the earth."
 Genesis 9 v16

Home Learning Menu

We've put together a selection of fun, creative activities inspired by our theme:

Summer Fun! What can you see under the sea?

These optional activities can be completed at your own pace throughout the half term.

Choose as many as you like - **the more creative, the better!**

Please bring your finished work by **Monday 6th July** so we can enjoy and share your brilliant ideas and celebrate together.

Healthy Choices

Draw or write about three things that help humans stay healthy (exercise, food, hygiene).

Map your Journey

Draw a simple map of your journey to school, adding human and physical features you notice.

Under-the-Sea Texture Art

Create an underwater picture using different textures (foil, bubble wrap, sponges, fabric, cardboard). Try printing or collaging to show patterns and textures you might find under the sea.

Counting in Steps

Practise counting forwards and backwards in 2s, 3s-Yr2s, 5s and 10s. Write down how far you can get in each pattern. As an extra challenge start from any number.

___ 4 6 8 10 ___
 50 45 ___ 35 ___ 25
 ___ 6 9 12 ___ 18
 90 ___ ___ 60 50 40
 16 ___ 36 46 ___ 66

Ocean animal fact file

Choose an ocean creature and write facts about it — where it lives, what it eats, and a fun fact.

Tricky Word Challenge – How many can you spell?

Write down as many tricky words as you can spell from memory. Check them together, then practise any you got wrong by rainbow-writing them or using chalk outside.

Make a Fruit Smoothie!

Make a fruit smoothie with an adult at home using any fruits you like. Can you remember the steps we followed in school? Count how many pieces of each fruit you use, measure the liquid you add (milk, juice or water) and talk about the order you did things in. You could even write or draw the steps you followed.

Write a Letter to Your New Teacher

Write a short letter to your new class teacher telling them all about you. You could include your favourite things, what you enjoy at school, something you're proud of, and one thing you're looking forward to next year. You can draw a picture of yourself too.

Reading

This is a required daily task and not part of the optional activities. Listen to your child read their phonics book for approximately 10 minutes a day. Remember to give them lots of praise! If they can't read a word, encourage them to sound it out or read it to them. After, discuss the book.

Share a book for pleasure together. Read it to or with them. Discuss the pictures, enjoy the story, predict what might happen next, use different voices for the characters, explore the facts in a non-fiction book.
