Headteacher's Introduction

Dear Parents and Carers,

I hope this finds you well and you have been making the most of the lovely weather.

This week in school saw a very successful transition day, where we had time with our 'new' teachers in Willow Class and Sycamore, and again welcomed in the new children due to start in Acorn class in September, for a teddy bear's picnic.

Our Year 6 children had a taster day at Fulford and came back to school full of excitement for their next chapter.

Next week is due to be a return to high temperatures. Can I again remind you to ensure children have sunscreen on and come to school with hats and refillable water bottles please.

Our Sports Day is now due to take place on Thursday next week 9th July, it is again due to be a hot one, but we are hoping that the 9.30am start will enable us to continue with the morning as planned.

Finally, just a reminder that attendance in these last two weeks of term are just as crucial as the rest of the year. As we enter the final stretch of the summer term, we have exactly 10 days remaining of the school year. Looking back over our data, I noticed an interesting statistic: we have yet to achieve 100% attendance across the whole school on any single day so far this academic year! We would absolutely love to finish the year on a high. My challenge to our entire school community is to see if we can work together to secure at least a few 100% attendance days before we break up for summer. Barring essential medical reasons or obvious illness, your support in getting every single child through the gates for these final 10 days would be a fantastic way to close out the school year together. Let's see if we can do it!

Hope you enjoy your weekend

Attendance Matters!

Missing a day of school here and there may not seem like much, but absences add up!

Naburn school day starts at 8.55am

When a student misses **2 days** a month

They miss **20 DAYS** a year (**10%** of the school year)

They miss **30 HOURS** of math instruction.

They miss **60 HOURS** of reading and writing instruction.

They will miss over **1 YEAR** of school by

The end of year **6**

When a student misses **4 days** a month

They miss **40 DAYS** a year (**20%** of the school year)

They miss **60 HOURS** of math instruction.

They miss **120 HOURS** of reading and writing instruction.

They will miss over **2 YEARS** of school by

The end of year **6**

Attendance Ladder

Supporting Your Child's Good Attendance

You play the most important role in establishing good habits. Here are a few ways you can help us work together:

- **Keep to a Routine:** Establish a consistent **bedtime routine** to ensure your child gets enough sleep and is awake, alert, and ready to learn in the morning.
- **Be Punctual:** School starts at 8.45/8.50am. Arriving on time ensures your child doesn't miss the vital start-of-day instructions, activities, and register, which sets a positive tone for the whole day.
- **Book Appointments Outside of School Hours:** Please try to schedule dentist and non-urgent medical appointments after school or during the school holidays.
- **Avoid Term-Time Holidays:** Family holidays during term time are almost always recorded as **unauthorised absence** and severely disrupt a child's learning.
- **Know When to Send Them In:** If your child has a minor ailment, such as a cold or a slight cough, and is otherwise well, they should still come to school. If you are unsure whether your child is too ill to attend, please contact the school office for advice or consult the NHS guidance on 'Is my child too ill for school?'

What to Do if Your Child is Absent

If your child is genuinely too ill to attend, please contact the school office on 01904 551075 before 9am on the first day of absence, stating the reason. You must call us **every day** they are absent, please.

School Newsletter

On Wednesday afternoon, we had a visit from our Reception new starters and their teddies! We had a lovely afternoon getting to know each other and showing the new starters around our classroom and outdoor area. The children were so kind and helpful!

School Newsletter

This week in Art, we have been making our collograph stamps. We thought carefully about which materials to use to create the best texture for each part of our under the sea themed picture. We used materials such as cardboard, string, bubble wrap and sponge. Next, we are going to apply paint to our stamps and have a go at printing!

Acorn Class

"Whenever the rainbow appears in the clouds, I will see it and remember the everlasting covenant between God and all living creatures of ev

School Newsletter

Willow class have been learning about the Human skeleton. In this activity we cut out and assembled our skeletons, label the main bones and gave their function as well as researching interesting skeleton and bone facts online to add to our posters.

School Newsletter

This week in Science, y5/6 have been learning about the circulatory system. We discovered how the heart works by making a model using straws and a balloon to see how the muscles pump blood through the blood vessels. We then found out about the four main components of our blood and their functions by making blood smoothies. We used raspberries, marshmallows, apple juice and sprinkles to represent red and white blood cells, plasma and platelets.

The Children's Toothbrushing Guide

Free Children's Toothbrushing Guide for early years professionals, caregivers and parents

We're pleased to launch the new [Children's Toothbrushing Guide](#), designed to support nurseries and early years settings to share clear, trusted advice with families.

Created with the early years sector, including the British Society of Paediatric Dentistry and the Oral Health Foundation, the Guide helps settings support children's oral health from the earliest years.

[Download the free Guide](#)

Why it matters:

Tooth decay is the leading cause of hospital admissions for children aged 5–9 – and good habits start early.

The guide is ideal to share with families and covers:

- 😊 When and how to brush young children's teeth
- 😊 Practical tips to build brushing into home routines
- 😊 Other ways to maintain children's oral health
- 😊 Inclusive guidance for families of children with SEND

The Children's Toothbrushing Guide

Free to download, print and share.

Supporting happy and healthy smiles!
